Vemma Nutrition Company, Two Time Recipient of 2009 ACE Awards

Scottsdale, AZ (September, 2009) —The 15th annual Arizona Corporate Excellence (ACE) Awards event held on September 17th, honored Vemma Nutrition Company, with two ACE Awards for 2009. Vemma[®] was recognized as the 10th fastest growing private company in Arizona and in the top 50 private company revenue generators. The mission of the ACE Awards is to honor privately-owned companies who deserve recognition by their community and by their peers for their immeasurable investment in Arizona. New companies are selected to join this prestigious group each year by the invitation only of ACE Awards sponsors.

Established in 2004, Vemma Nutrition Company manufactures and distributes ultra-premium liquid wellness products, and also offers a home-based business opportunity for consumers to share Vemma products with others. The company's clinically studied liquid blend, Vemma, contains the necessary vitamins, minerals, plant phytonutrients and antioxidants to help consumers form a solid nutritional foundation, and is published in *The Journal of Medicinal Food* for its clinical study resulting in enhanced immunity and well-being. Most recently, Vemma launched a first of its kind liquid children's supplement, Vemma NEXT™, which includes a child's dose of the Vemma blend and key nutrients to support growing children ages 2 to 12.

BK Boreyko, President and CEO of Vemma, and his Executive team attended the ACE Awards. After the awards ceremony BK said, "I'm honored to accept the two ACE Awards on behalf of our Vemma Members. They are our Brand Partners who deserve the credit for telling the Vemma story, sharing our tremendous Vemma formulated products, and offering people the opportunity to build a secondary-income with our phenomenal business opportunity. To be recognized as the tenth fastest growing company in the state of Arizona, in this economic environment, is a true testament that we are making a positive difference in people's lives."

Vemma branded products are distributed worldwide in over 50 countries through a hybrid network of independent members and select retail locations. For more information on Vemma Nutrition Company and to learn about its products' health benefits, please visit www.vemma.com.
